NASA SEWP VI

Categories B & C: Enterprise-Wide + Mission-Based ITC/AV Service Solutions

National Aeronautics and Space Administration's (NASA) Solutions for Enterprise-Wide Procurement (SEWP) VI is a multiple-award Government-Wide Acquisition Contract (GWAC) that provides federal agencies with a streamlined acquisition channel for information technology, communications, audiovisual solutions, and related services. New to SEWP VI, Categories B and C expand the vehicle's scope to include enterprise-wide and mission-based IT services.

Through **RIVIT Alliance, LLC**, an SBA-certified 8(a) Mentor-Protégé Joint Venture between RIVA Solutions and ITegrity, Inc., federal customers can access these capabilities through flexible firm-fixed-price, labor-hour, and time-and-materials task orders.

WHY RIVIT ALLIANCE

RIVIT Alliance gives federal agencies access to the combined delivery infrastructure, technical capabilities, and task-order experience of RIVA and ITegrity through SEWP VI's small business track. We offer:

Small-Business Agility + Combined Delivery Infrastructure

RIVIT brings together both companies' recruiting, program management, and technical resources to mobilize teams and manage complex federal IT requirements.

Federal Vehicle and Task-Order Experience

With RIVIT, agencies gain a team experienced in managing federal contract vehicles and delivering coordinated services. RIVA manages 10 active prime contract vehicles and over 40 awarded call orders. RIVA and ITegrity have delivered more than $100 million in work together.

Integrated Technical Solutions

Our team combines application development, cloud, cybersecurity, data, human-centered design, and IT operations to deliver modernization and ongoing operations across the SEWP VI scope.

Rapid Staffing and Scalable Delivery

Both RIVA and ITegrity maintain an average time-to-fill rate of 17 days, well below the 45-day industry average, enabling RIVIT to rapidly recruit specialized talent, expand delivery teams, and sustain operations as agency needs evolve.

RIVIT ALLIANCE IN ACTION

USDA Enterprise-Wide Drupal Platform Management

RIVIT Alliance supports USDA.gov, OneUSDA's intranet serving 100,000+ employees, and the enterprise Drupal platform powering 50+ websites through eWAPS operations and maintenance. Using its AI-powered Integrated Digital Experience (AiDX) framework, RIVIT combines design, development, analytics, accessibility, and operations to keep USDA's digital experiences secure, accessible, and reliable.

SAMHSA Grant and Contract Review Support

For SAMHSA's Grant and Contract Review Support program, RIVIT Alliance provides the technical, operational, and logistical services needed to support secure, high-volume review activities. Our team enables efficient workflows, coordinated stakeholder engagement, and dependable program execution in a mission-critical environment.

CAPABILITIES
